

## CHAIRMAN'S MESSAGE

“

**In 2023, the country gradually emerged from the pandemic and the recovery has returned us to familiar grounds, giving Yayasan Johor Corporation (Yayasan JCorp) the opportunity to fill our calendar with impactful initiatives. The Foundation harnessed its strength and together with our partners, we continued to amplify our role as the system integrator between Johor Corporation (JCorp) and its Group of Companies and various external stakeholders in executing the Group's sustainability and ESG agenda.**

Yayasan JCorp's Strategic Planning 2024- 2028 roadmap that was crafted in 2023 came into fruition, as we were able to materialise our initiatives through the four core pillars of Education; Arts, Culture and Heritage; Environment and Community Well-being. During the year under review, each of our pillars continued to achieve milestones, driving progress and sustainable impact.

## CHAIRMAN'S MESSAGE

**RECOGNISING OUR PARTNERS**

I would like to express my deepest gratitude to all parties who have embarked on this journey with us. I thank the authorities and regulators, especially the Ministry of Education, the Johor State Education Department and the Johor State Islamic Council for their support and insights that has enabled us to seamlessly realise our goals.

To our various partners, including JCorp and its Group of Companies, Malaysia Professional Accountancy Centre (MyPAC), Temasek Foundation, Johor Cerebral Palsy Association, Tunku Laksamana Johor Cancer Foundation, Raja Zarith Sofiah of Johor Foundation, Department of Skills Development, Malaysian Employers Federation, Department of Social Welfare, and Southern Volunteers, thank you for sharing our vision in fostering positive changes.

**ACKNOWLEDGEMENTS**

We warmly welcome Yayasan JCorp's new Chief Executive Officer, Puan Zaidatul Zurita Abdul Rahman, who is also the Head of Sustainability for JCorp. I believe that under her stewardship, Yayasan JCorp will make significant strides in advancing our sustainability initiatives for the betterment of our communities and the environment as we benchmark ourselves against other international foundations.

In giving their utmost dedication, I extend my appreciation and gratitude to our employees, volunteers and community members for continuously supporting our role as a system integrator. As we take on another year with vigour, may we continue to leave a profound mark by uplifting lives and building a better future for all.
